

**2021 LEAF VACUUM SCHEDULE
CITY OF FRANKFORT**

The city of Frankfort will provide street side Leaf Collection Services. The city is divided into four work zones. Operators will service each zone for three consecutive days before moving on to the next scheduled zone. The city will make every effort to collect all leaves in a zone during the scheduled period, however if a zone is not completed within the three day period, the leaf crew will move into the next scheduled zone. No zone will be serviced before the scheduled date.

RULES

For a successful leaf collection experience, comply with the following rules:

1. Rake leaves as close to the edge of the street as possible. DO NOT cause a traffic hazard. DO NOT block drainage structures.
2. Leaves must be at the street no later than 7:00 AM on the first scheduled day of a collection period.
3. Leaf piles may not contain trash or sticks. Piles containing anything other than leaves will be tagged and not collected until the owner corrects the issue. Sticks may be disposed of in yard waste cans or brown, biodegradable bags.
4. No plastic bags allowed.

All sticks should be placed in yard waste cans and trash should be placed in the city issued trash cart. You may also dispose of your leaves in yard waste cans or brown biodegradable bags.

Please be patient with the operators and remember that they are working hard to provide this complimentary service. For questions please call the Public Works Department at 502-352-2088 or visit www.frankfort.ky.gov.
